WHY CHOOSE UTILITY TECH SUPPLIES?	07

Hello there!

Welcome to Utility Tech Supplies, a dynamic and professional organization that is dedicated to meeting your requirements with the utmost professionalism. We prioritize ethical business practices and have a skilled team in place to ensure their enforcement.

ABOUT OUR COMPANY

Utility Tech Supplies, owned and directed by Jean Mapara and Fortune Tigere, is a pioneering Zimbabwean company that aims to revolutionize the distribution of durable and internationally recognized brands from reputable companies worldwide. Our founding was driven by a unique combination of vision and motivation to take a leading role in supplying Engineering Equipment, Industrial and Mining Electrical Equipment. With our extensive experience, capabilities, and strength, we are committed to creating enduring value for our clients, staff, partners, and society as a whole.

We are registered under the Company's Act Chapter 24:03 at the Registrar of Companies in Zimbabwe.

OUR COMPETITIVE ADVANTAGE

Utility Tech Supplies excels in building a network of local, regional, and international suppliers, enabling us to meet our customers' specific requirements in a timely and competitive manner.

"We thrive on competition because we offer exceptional products accompanied by attractive prices and compelling offers that guarantee security and durability for every product we sell or service we provide."

Utility Tech Supplies was originally established in the Energy and ICT sector, and our technical expertise allows us to deliver innovative solutions for a wide range of industrial clients. We have gained a solid reputation for successfully delivering electrical solutions to commercial businesses across Zimbabwe. Our commitment extends to delivering innovative, high-quality hardware and electrical solutions to local government, private clients, property developers, and major corporations in the commercial sector.

OUR APPROACH

Mission Statement

Our mission is to contribute positively to sustainable living by increasing reliance on clean, smart, and abundant renewable energy through world-class customized energy and ICT solutions. We ensure a professional customer experience with high-quality installations.

We harness the power of the sun to make a difference in people's lives through the provision of solar power.

Values

- » Our values are based on quality, integrity, professionalism, and environmental stewardship.
- » We strive for the best and most optimal solutions for our clients.

At Utility Tech Supplies, we are fully committed to delivering clean and smart energy solutions that are personalized to serve each client, offering creative installation options and a personalized service experience.

OUR SERVICES

We continuously strive for service excellence, guaranteeing security and durability for every product we sell or service we provide. With our extensive experience operating throughout Zimbabwe, even in challenging environments, Utility Tech Supplies has a proven track record of reliable delivery demonstrated by a significant portfolio of satisfied customers and clientele.

Excellence in Our Services

Our customer service sets us apart from the competition. We take pride in our motivated and courteous staff, who are committed to handling your queries with meticulous attention at any given time.

COMPANY PROJECTS AND PRODUCTS

Utility Tech Supplies is a Zimbabwean company that provides engineering, ICT, and energy services. We are dedicated to being the most preferred service provider in these industries, both within and outside of Zimbabwe. We have a team of experienced and qualified professionals who are committed to providing our clients with the highest quality products and services.

Projects

We are currently running a number of projects, including:

- » **Solar energy provision:** We are helping our clients to switch to renewable energy by providing them with solar panels, inverters, charge controllers, batteries, and installation services. We also offer ongoing maintenance and support.
- » **Mining and industrial electrical equipment supply:** We supply a wide range of electrical equipment to the mining and industrial sectors, including motors, generators, transformers, switchgear, and control panels. We also offer installation, commissioning, and maintenance services.
- » **Construction:** We provide a variety of construction services, including electrical reticulation construction and maintenance, civil works, and building construction.

Products

We offer a wide range of products, including:

- » **Transformers:** We supply distribution and power transformers. Our transformers are made with high-quality materials and are designed to last.

- » **Ring main units (RMU):** We supply RMUs for a variety of applications, including distribution networks and industrial facilities. Our RMUs are factory-assembled and tested, which ensures reliable operation.

- » **Industrial and mining electrical equipment:** We supply a wide range of industrial and mining electrical equipment, including cable joining products, engineering products, auto reclosers, XLPE cable, and renewable energy products. We source our products from reputable suppliers and we offer a comprehensive warranty on all of our products.

» **ICT products:** We offer a variety of ICT products and services, including integration of software applications and data center services. We can help our clients to implement and manage complex IT systems.

COMMITMENT TO QUALITY

We are committed to providing our clients with the highest quality products and services. We source our products from reputable suppliers and we have a team of highly skilled and experienced professionals who are dedicated to providing our customers with the best possible service.
